

PLAY-UP REQUEST FORM

To: Huntsville Amateur Hockey Association  
Board of Directors

**Requesting Coach:**

I, \_\_\_\_\_, coach of the \_\_\_\_\_ team, am requesting the \_\_\_\_\_ team player, \_\_\_\_\_ be placed on my team's roster for the purpose of playing-up, if needed.

As coach of the team this player will be playing-up on, I realize that I am requesting the Board to make an exception to allow this player to play in an older age group. I acknowledge that I have received the approval of the parents and the coach of the player to play-up on my team by obtaining their signatures on this document. I make this request with the full understanding of the play-up policy and agree to abide by the policy which states:

Evaluation by committee selected by the HAHA Board will be used for PeeWee to Bantam teams play-up requests.

The primary team for the player is the team the player is assigned to based on the USA Hockey age classification.

Regular skaters on a team must receive equal or greater playing time than the play-up skaters over the course of the game.

**Parents:**

As parents/guardians of the above mentioned player, we give our approval for our child to be placed on the roster of this team for the purpose of playing-up. With our approval, it is understood that there is no guarantee related to how often my child will play-up in a game or be allowed to practice with the play-up team during regular team practice. It is also my understanding that it is possible for our child to be injured while playing the sport of ice hockey, and that it is also possible for our child to be injured while playing with older players.

The HAHA Board approves each player on an individual basis, and we understand that it is not official for our child to play-up until we have signed this release and the HAHA Board of Directors has approved it.

**Releasing Coach:**

As this player's primary team coach, I agree to allow this player to be placed on the roster of this team for the purpose of playing-up.
